HYUNDAI

NEW THINKING. NEW POSSIBILITIES.

Since we first started in 1967, there have been four decades of incredible progress. During this period we've continued to listen to our customers and develop cutting-edge technology. What makes us different is that we think differently, whilst always remaining true to our Korean origins. This relentless commitment to producing the very best, whilst continually questioning convention, has seen us arrive at where we are today. We currently sell technologically advanced, high quality vehicles to people in more than 190 countries, and employ over 75,000 staff. That's why we're the world's fastest growing car manufacturer.

THE HYUNDAI i40

A quick glance at the Hyundai i40 and you can see why it really stands out on the road. That's thanks to its fluidic sculpture design which ensures it simply looks like no other car in the world. You can admire it from afar, or come a little closer and learn all about it over the following pages.

i40 INTRODUCTION

Highlighting some of the key features that can be found on the i40.

STYLE

A unique design BECAUSE WE SEE THINGS FROM A DIFFERENT PERSPECTIVE

The i40's exterior seemed the ideal place to showcase our 'New Thinking' philosophy. It's why we've created a more fluidic design, so you'll feel proud to drive our newest model. The front of the car features a bold hexagonal grille and also incorporates LED daytime running lights, so it stands out straight away. Further back, we've crafted a unique sloping roof-line to create a distinctive side profile, while three strips of LED tail lights add an eye-catching quality

to the car's rear. The sharp creases and crisp lines on the bodywork are designed to represent the form of undulating sand dunes, and you may also spot the attractive curved rear window line – a shape that was influenced by classic Korean architecture. On our Premium model we've also incorporated a sophisticated panoramic sunroof. It means that while the car's exterior is undoubtedly striking, the view from inside is just as impressive.

Enjoy the view ESPECIALLY THE ONE INSIDE

Inside the i40 you'll find a variety of eye-catching features, such as the instrument cluster illuminated by cool blue lighting. Once you're sitting comfortably on the elegant upholstery, you'll be in a position to appreciate the refined finish of the soft touch materials and feel of the matching leather steering wheel and gear knob, which are complemented by a gloss black and alloy effect fascia

trim. With easy to navigate audio and phone controls on the steering wheel, the i40 really has everything at your fingertips. For even more style an LCD colour display is available† and we've fitted chrome effect interior door handles‡ and door sill inserts in stainless steel,‡ so you'll be reminded of the interior's quality every time you get out of the car.

i40 INTERIOR

Detailing the spacious interior and internal features of the i40.

EFFICIENCY

Efficient technologies THEY'RE SOME OF OUR BRIGHTEST IDEAS

We've designed the i40 specifically to maximise efficiency, from the fluidic design of the body to the latest technologies. Two direct injection petrol engines – 1.6GDi 135PS and 2.0GDi 177PS – are available with 6-speed manual transmissions, and a 1.7CRDi diesel with either 115PS or 136PS. Both diesels come with a 6-speed manual transmission, or you can opt for a 6-speed auto with the 1.7CRDi 136PS engine. All engines have been developed to lower fuel

consumption and CO₂ emissions. Driver aids and Blue Drive technologies make the i40 even more efficient. For example, the eco drive indicator shows you the best time to change gear to reduce fuel consumption. The Blue Drive models take efficiency one step further. They have an active air flap, which closes automatically to improve aerodynamics when engine cooling can be reduced. Intelligent Stop & Go is also fitted to these models, which switches off the engine when

you stop and restarts when you want to go. Features like these reduce CO₂ emissions, which start from just 113g/km. And this means you'll save too because the i40 qualifies for low road tax. Company car drivers can also take advantage of benefit in kind taxation starting from 13%. Not only do these technologies help conserve fuel, they also ensure there is no compromise in performance and make driving easier, so you might say that you're saving energy too.

The latest driver technologies ALL AT YOUR FINGERTIPS

On entering the i40 you will discover a wealth of driver technology. With easy to use touchscreen satellite navigation* and cruise control with speed limiter,† every journey is almost effortless. It gets even easier when you consider that you'll be able to take advantage of Bluetooth® connectivity with voice recognition. But that's not all. As well as keyless entry with an engine start/stop† button,

there are also USB and aux ports for your MP3 player, so you'll be able to listen to your favourite songs. We've also included features that'll help you when you stop. With smart parking assist,‡ all you need to do is control the accelerator and brake. It uses advanced parking sensors to detect a suitable spot and steer the car into the space automatically. You might say it's an example of all-round thinking.

i40 TECHNOLOGY

Featuring smart parking assist, lane departure warning and other i40 technologies.

Car shown i40 Premium in Titanium Silver metallic paint.

- 1. Boot space – 553 litres (seats up)
1,719 litres (seats down, to the roof)
- 2. Low load height, retractable load cover,
partition net and under-floor storage

- 3. Panoramic sunroof†
- 4. Heated driver's seat with memory function†

- 5. Electric parking brake with automatic hold function
- 6. Dual zone climate control‡

‡ Style and Premium only
† Premium only

Even with all its technology, THERE'S STILL PLENTY OF ROOM

We've included plenty of new features in the i40, but we've also left some pretty significant gaps – we expect you to fill these yourself. You'll be able to take advantage of the impressive space in the boot, and you'll find it easy to load thanks to its extremely low loading height. In the front there's plenty of head, shoulder and leg room, while the multi-adjustable driving position allows for the seat and steering wheel to be adjusted to suit individual driver requirements. The electrically-adjustable seat* has ten different directions of movement

and a function that memorises your favourite position.† For even more comfort, you'll be able to take advantage of dual zone climate control,‡ whilst the ventilated front seats* gently stream air through the cushions, cooling you down. Rear passengers don't miss out either. There are heated seats* (outer rear seat bases), just like in the front,† and two-stage reclining rear seats. We've worked hard to include a variety of features to help you relax. We're sure you'll be extremely comfortable with the results.

SAFETY

We take your safety just as seriously as you do, which is why the i40 is packed with features to keep you and your passengers as secure as possible. The Vehicle Stability Management system detects grip levels when braking on mixed surfaces and maintains traction and stability by applying both steering and brake assistance. Brake Assist and the Electronic Stability Programme also help you maintain control while braking. To assist at night every i40 comes with static cornering lights which illuminate when turning.

The i40 has many options HOWEVER, SAFETY COMES AS STANDARD

We've installed plenty of interior equipment to protect you too. There are seven airbags, including one at the driver's knee, along with supportive active front head restraints. Reminder signals make sure you fasten your seatbelt. And in the back the two outer seats have ISOfix child seat anchor points. The optional Vision pack,* including xenon headlights and adaptive front lighting system, will further enhance your safety by offering greater visibility.

The adaptive front lighting system features dynamic curve lighting which turns the lights as you turn the wheel, better illuminating the bends in the road. Depending on the driving environment, they also automatically adjust the beam length and width. Also available is a lane departure warning system,* which will give you a signal if you accidentally drift out of your lane. We've given your safety so much consideration that no matter whether you're the driver or a passenger, you're well protected.

1. Side Impact protection
2. Vehicle Stability Management System
3. Electronic Stability Programme
4. Adaptive Front Lighting System

i40 TOURER MODELS

Cars shown i40 Style Blue Drive in Blue Spirit mica paint, i40 Active in Sleek Silver metallic paint and i40 Premium in Titanium Silver metallic paint.

ACTIVE

The Active models, all Blue Drive, come with 16-inch alloy wheels, Bluetooth® connectivity with voice recognition and LED daytime running lights. Automatic headlights and audio controls on the steering wheel mean that you're always totally free to focus on the road ahead.

- 16" alloy wheels
- Bluetooth® connectivity with voice recognition
- Electrically adjustable and heated door mirrors with integrated LED indicators
- Electric front and rear windows with anti-trap & one-touch up/down control
- Electric parking brake with automatic hold function
- Halogen headlights with static cornering lights and LED daytime running lights
- Automatic headlights
- Stereo RDS Radio/CD player with MP3/WMA compatibility
- Eco drive indicator
- Front fog lights
- Steering wheel audio and phone controls
- Leather steering wheel and gear knob
- Air conditioning
- Retractable load cover and partition net
- Gloss black and alloy effect fascia trim
- Chrome exterior window surrounds
- USB & aux connections
- Intelligent Stop & Go and low rolling resistance tyres

Audio controls on steering wheel

LED daytime running lights

USB & aux connections

STYLE

The Style arrives with 17-inch alloy wheels, cruise control, front and rear parking sensors, dual zone climate control and an electrically adjustable driver's seat with lumbar support. There's also a touchscreen satellite navigation system with rear view camera and a parking guidance system.

Style deletes Intelligent Stop & Go and low rolling resistance tyres over Active

- 17" alloy wheels
- Touchscreen satellite navigation with rear view camera, parking guidance system and 7 speakers including amp and subwoofer
- Cruise control with speed limiter
- Dual zone climate control
- Front and rear parking sensors
- Electric folding door mirrors
- Driver's seat with electric adjustment and lumbar support
- Privacy and solar-reflecting glass

- Automatically dimming rear view mirror
- Automatic de-fog system for front windscreen
- Rain sensing front windscreen wipers
- Height adjustable front passenger's seat
- Door sill inserts in stainless steel
- Body coloured exterior door handles with chrome inserts
- Chrome effect interior door handles

Style Blue Drive offers the following features over Style

- 16" alloy wheels (in lieu of 17" alloy wheels)
- Intelligent Stop & Go
- Low rolling resistance tyres

Car shown Style Blue Drive

MODEL DETAILS

PREMIUM

With Premium you'll get the very most out of the surrounding views thanks to a panoramic sunroof with electric tilt and slide. You'll also enjoy leather upholstery and a driver's seat with memory function, keyless entry with engine start/stop button and an impressive set of 18-inch alloy wheels.

- 18" alloy wheels
- Leather upholstery (seat facings only)
- Panoramic sunroof (electric tilt and slide)
- Keyless entry with engine start/stop button
- Supervision instrument cluster with LCD colour display
- Driver's seat with memory function (2 settings)
- Auto adjustable front passenger's seat & lumbar support
- Heated front seats
- Glove compartment with cooling function
- Interior rear side reading lights

PREMIUM OPTION PACKS

Comfort

As the name suggests, this package is all about making sure you and your passengers experience as much luxury and comfort as possible. As well as heated rear seats, there's also ventilated front seats for you to enjoy, which either heat up or cool you down, depending on the environment. Not to mention a heated leather steering wheel that'll make all the difference on cold, icy mornings.

Ventilated front seats

Heated rear seats (outer seat bases only)

Assist

The Assist pack simply helps you out as much as possible. A tyre pressure monitoring system alerts you of low tyre pressure to ensure they're always at the optimal level – perfect for saving fuel and tyre tread, as well as giving you more grip for a safer drive. You'll also benefit from the lane departure warning system that signals if you accidentally drift out of your lane, whilst smart parking assist detects suitable spots using sensors and steers the car into the space automatically.

Smart parking assist

Lane departure warning system

Vision

You'll get a perfect view of the road at all times with the i40's Vision pack. Xenon headlights illuminate the way, and they also come with an adaptive front lighting system which includes dynamic levelling, automatic range adjustment and dynamic curve lighting for optimum visibility and safety when driving in the dark. You'll also get headlight washers, so your lights will stay shining brightly at all times.

Xenon headlights

Adaptive front lighting system

COLOURS AND TEXTILES

Creamy White – Solid

Blue Spirit – Mica

Red Awesome – Mica

Total Black – Mica

Sleek Silver – Metallic

Titanium Silver – Metallic

It's all about choice in the Hyundai i40. Once you've decided on your preferred model, you'll either have black cloth upholstery on Active and Style, or black leather upholstery on Premium. Then, you'll have to pick a colour for the exterior. From a fresh Creamy White to a moody Total Black, you can make your car look exactly the way you want.

BUYING A HYUNDAI

MOTABILITY

The Motability plan will enable some of you to purchase a Hyundai at a preferential rate. If you receive the Higher Rate Mobility Component of the Disability Living Allowance, you're entitled to access this excellent scheme.

In recognition of your requirements, many Hyundai models can be ordered on the 3 year Contract Hire Scheme. You'll benefit from advantageous features like power steering, height-adjustable driver's seat and automatic gearbox, which all come as standard. Most of our Dealers are Motability Accredited, so just contact them and they'll be happy to help. If you'd like to read about the scheme in more depth, simply visit www.motability.co.uk

HYUNDAI FINANCE

To help you drive your ideal Hyundai, we've put together a comprehensive Hyundai Finance scheme. The way it works is simple. You can finance any amount over a period between 1 and 5 years. There are a range of products available, so to find out more just contact your local dealer. They'll have all the details you need. You can reduce your set monthly payments by deferring part of the cost to the end of your agreement with us. It's one way you can take advantage of our flexible finance plans.

ASSET PROTECTION

When you're driving a Hyundai, we want you to be able to relax, content in the knowledge that everything else is taken care of. It's why we've created Gap Insurance, which covers you in unexpected circumstances. Currently, if your vehicle is written off in an accident, fire or theft, your insurance will only pay the market value for it, not what you actually paid – so you'd have to cover the shortfall yourself. Gap Insurance covers this difference, so you'll never be out of pocket in an unfortunate situation.

OWNING A HYUNDAI

PEACE OF MIND

It's was difficult deciding how much 5 years peace of mind is worth. So difficult, in fact, that we decided not to charge anything – but to give it to you as standard. The Five Year Triple Care package* gives you miles and miles of stress-free driving. It's the latest in a long list of standard features on the i40, and one we hope you'll enjoy just as much as the others. Read more about it in the following sections.

5 YEAR TRIPLE CARE

Five Year Unlimited Mileage Warranty

It's exactly as the title suggests: A Five Year, manufacturer-backed Unlimited Mileage Warranty,** so you can drive with complete peace of mind at all times.

Five Year Roadside Assistance

You'll benefit from free, 24-hour roadside assistance anywhere in the UK or Channel Islands.

Five Years of Vehicle Health Checks

Your Hyundai dealer will carry out an annual vehicle health check on key areas of your Hyundai i40.

ADDITIONAL HYUNDAI AFTERCARE

A 10 year Anti-perforation warranty against perforation of the bodywork, from the inside of the panel outwards.

* 5 Year Triple Care terms and exclusions apply. Please see www.hyundai.co.uk/owners/triple5 or ask your local Dealer.

** Vehicles used for taxi or private hire uses are covered by a five year, 100,000 mile warranty.

Contact us on 0800 981 981
or visit www.hyundai.co.uk

We'll answer any questions, give you more information, or simply book you in for a test drive.

We're delighted to announce the impending arrival of the new i40 saloon, something we're extremely proud to have developed. It displays the same striking design qualities as our i40 Tourer, whilst also incorporating a range of features making it uniquely attractive. As with the i40 Tourer, the saloon will feature Blue Drive technologies to keep fuel consumption and CO₂ emissions

low and will be full of Hyundai technology. When it comes to engines you'll have plenty of choice, as the i40 saloon will come with a variety of both petrol and diesel derivatives. And of course will be supported by our 5 Year Triple Care package, including our Five Year Unlimited Mileage Warranty.* The i40 saloon is destined to become one of the most popular cars in its class.

* Vehicles used for taxi or private hire uses are covered by a five year, 100,000 mile warranty.

The i40 Saloon, COMING NOVEMBER 2011

Vehicle shown not to UK specification.
